Planning an zoneing meeting April 25

Called to order 7:00

Roll call Present

Lorain Atkins, John Peverill Mark Brandis Scott Strater

Reviewed the current zoneing map. As there were only a couple of changes to be made on the 2014 map the suggestion to holdoff on the printing of a new map until the costs of printing was known. Some of the members had the 2014 maps and some still had the older maps. New maps were provided. Discussion included Lorain Atkins sugesting changing zoneing in business areas not to allow single family appartments above business as well as two family duplexes. Desided to have more discussion on this matter when more members are present. We talked about a long term plan on the feature of our down town and our possible building of more business in the River Forest road area.suggested that at our next meeting we will be prepared with information on neighboring cities as how they requie allowing appartment type buildings in certain zoneing areas. Also suggestions in our next meeting as to the feature of our downtown business district as well as the River Forrest business area. Meeting adjorned at 8:20

*John Peverill*
